**SPECS (SOFTWARE)**

Maximum memory for EJ report: 5000 lines in the built in SRAM.

The following describes the maximum number of characters that can be programmed for each item description in a single width:

- **PLU:** 7000 / PLU name: 12 characters
- **DEPT:** 200 / DEPT name: 12 characters
- **CLERK:** 40 / CLERK name: 24 characters

Maximum memory of one time registration at a register mode: 100

Table tracking: 20 table, 60 registration per 1 table

**HANDLING**

![Diagram of handling](image)

- **Scroll Bar**
- **Help Message**
- **Entered Value**
- **Entry Mode**
  - The remaining number of characters that can be entered.
ENTRY MODE

Enables you to input letters and symbols using the DEPT key with CAPS ON.

Enables you to input letters and symbols using the DEPT key with CAPS OFF.

Enables you to input numbers using the TEN key.

Enables you to input symbols using the [#/NS] key.

Enables you to register by using the Bar Code Reader.

Training Mode in the Registration Mode.

Receipt OFF Mode in the Registration Mode.

EJ Mode in the Registration and “X” Modes.

The VOID key enables you to delete 1 character in the character entry of the PRG mode.

[charge] = Double Word

[return] = CAPS

HELP MESSAGE

The selected item will scroll in the Help Message area.

SCROLL BAR

Appears around the selected item.
SOFT KEYBOARD

A reversed character shows the position of a cursor.

Use the ←↑↓→ keys to move. (When moving to the right or left, the line you are on will scroll to display the following character or symbol).

To enter the character at the cursor, press the [enter] key. Characters on the TEN key and the DEPT keys are also available.

When you press the [change] key, the next characters will become double wide characters.

Press the [#/NS] key again and the soft keyboard mode will close and you will return to the Entry Mode.

POP UP MENU

The examples illustrated below will appear when an error occurs or a warning appears.

Check the message and select the option you need. Then close the menu by pressing the [enter] or [clear] key.

In the case of the illustration on the right, select the option you want by using the [←][→] key and then press [enter] to close.

MCTF : About 2000000 Lines

INTERFACE : PC COMMUNICATION INTERFACE (PC LINK MODE)
BARCODE INTERFACE (PRG, REG, REPORT MODE)
amount tend total - The Amount Tender Total key is used for a cash tender transaction.

<enter> - The Enter key is used to progress to the next step.

charge - The Charge key is used for a charge tender transaction.

<wide> - Double Wide Characters are created by this key.

clear - The Clear key will clear an entry made on the numeric keypad or qty key before it is finalized on a department or function key. The Clear key is also used to clear error conditions.

feed - Depressing the Feed key advances the receipt or journal paper one line. If you keep depressing the key, it continues to advance a receipt or journal until the key is released.

cpn - The CPN key is used to subtract an amount from the sales total. The financial report records the CPN key total.

-%/RA - The double-function -% key and Received on Account (RA) key:
- The -% key is used to subtract an amount from the sales total.
- The financial report records the -% key total.
- The RA key is used to record a media payment or loan to the cash drawer. The financial report records the received on account total.

+%/PO - The double-function +% key and Paid Out (PO) key: The +% key is used to add percentages from the sales total. The financial report records the +% key total.
- The PO key is used to remove money from the cash drawer. It carries its own total on the financial report.

#/NS - The #/NS key is used to open the drawer without registering an amount or when changing money for a non-sales transaction.

<sym> - The Symbol key is used as a symbol input change key at the time of a caption setup.

subtotal - The Subtotal key is used to display a sales total.

<reprint> - The R Issue key is used to issue a receipt on demand.

return - The Return key is used to return merchandise.

<caps> - The Caps key corrects activity and sales totals. Merchandise return carries its own total on the financial report. The Caps key is used to toggle between a capital letter and a small letter at the time of a caption setup.
dept shift - Department Shift Key (dept shift) is used when a department #17-32 and the numbers 17-32 are selected.

check - The Check key is used for check tender transactions.

00,0 - 9 - Numerical keys are used to input numbers.

plu - Price Look Up function.

plu alt/FC - The Plu Alt key is used for manual price entries for PLUs.
- The FC key is to convert the FC rate.

tax exempt sale - The Tax Exempt Sale key is used for tax except operation.

tax force - The Tax Force key temporarily enables change to the tax attribution (such as tax1, tax2, tax on tax...etc.) on your display.

void <bksp> - The Void key is used to erase an incorrect entry or for error correct operations. The Void key corrects all totals and stores its own total on the financial report. This void key also serves to cancel the last character that was inputted.

qty - The qty key is used for multiply department entries. The date/time is displayed by this key.

- The Decimal Point key is used to enter decimal point.

←/table,↑↓→ - These keys are used to move a cursor or switch items.
- The table key is also used to open a table or retrieve a table that is already opened and to close a table by a payment. Also, this key is used to temporarily close a table.

Receipt on/off - This key switches between “printing receipt” and “Not printing receipt”.

<ESC> - ESC key is used as a key which returns to the upper level menu screen.

DEPT#1-16 - The DEPT#1-16 key is used to input letters and symbols at the time of any caption setup.

main menu <ON> - The MENU key is used to turn the power on while the LED is off. During operation, depressing this key enables you to go to the Main Menu screen directly and return to the Main Menu from the off mode.

3) CASH REGISTER INITIAL SET UP

Turn on the register.

Select the language you want by using the [↑]-keys and then press [ENTER].

NOTE: If the batteries are not installed, you will have to press the Enter key to progress to the next step. Installing the batteries is recommended.

The following message will appear if the paper is not installed after installing the batteries.

LCD
The message below will display after the paper is inserted and the [enter] key is pressed.

LCD

PRINT IMPORTANT CUSTOMER MESSAGE

[ ENTER ]

Press [enter] to retrieve the following message.

IMPORTANT MESSAGE
************************
PLEASE READ BEFORE CONTINUING.

Please follow the instructions on the 10-lines LCD display for easy programming.

.
.
.
.
.
.
.
.
.
.

Enjoy your new Royal Cash Register!
Follow the instructions displayed below to program the date and time.

**Example: May 5, 2015, 9:26 AM.**

Program the present **YEAR**. Input 2 digits to represent the present year using the numeric keys, then press [enter].

**Example: 2015 → 15**

LCD

**PLEASE INPUT 2-DIGIT YEAR(YY).**

| 1 | 0 |

Program the present **MONTH**. Input 2 digits to represent the present month by using the numeric keys, then press [enter].

**Example: May → 05**

LCD

**PLEASE INPUT 2-DIGIT MONTH(MM).**

| 1 | 0 |

Program the present **DAY**. Input 2 digits to represent the present day by using the numeric keys, then press [enter].
Example: 5 → 05

LCD

**PLEASE INPUT 2-DIGIT DAY (DD).**

Example: 9 → 09

LCD

**PLEASE INPUT 2-DIGIT HOUR (HH). (24 HOUR FORMAT)**

Example: 26 → 26

LCD

**PLEASE INPUT 2-DIGIT MINUTES (MM)**

Program the present **HOUR**. Input 2 digits to represent the present hour (military hour) by using the numeric keys, then press [enter].

Program the present **MINUTES**. Input 2 digits to represent the present minutes by using the numeric keys, then press [enter].
To program the TAX SYSTEM

Select the TAX SYSTEM (USA, CANADIAN, VAT) by using either the [↑] and [↓] keys and then press [enter].

CANADIAN TAX = CANADIAN TAX without CANADA ROUNDING.
CANADIAN ROUNDING = CANADIAN TAX with CANADA ROUNDING.

Select STRAIGHT TAX or TABLE TAX by using either the [↑] and [↓] keys and then press [enter].

An abbreviation by the [esc] key is possible.

Enter the RATE (0 - 99.999%) you want using the numeric keys. Then press [enter].
An abbreviation by the [esc] key is possible.

For an example for 10%, enter “10000”
4) OPERATING NOTES

This section provides information regarding the operation.

ALL OPERATIONS ARE PERFORMED IN THE REG MODE.

The term ‘department entry’ is used in many operating sequences. This refers to a normal department entry - remember that an amount must be entered via the numeric keypad before pressing a department key.

When an operation error occurs, a POP-UP will display what the error is and will give you the solution. At the same time, your ECR will keep beeping until the error is released. Press [enter] to release the error.

Recovery of power save returns to a main menu.
4-a) ELECTRONIC JOURNAL

Items on the electronic journal (EJ) are on the sales receipt and financial report.

(1) Nearly full warning

When the maximum number of lines that can be recorded on the EJ are near the maximum, the following screen will appear. Choose either Continue or Cancel by pressing the [←] [→] key.

Financial Report:

![Nearly Full Warning Screen]

Choose either [Keep EJ On] or [EJ Off] by pressing the [←] [→] key. If you select [EJ OFF], the sales receipt cannot be recorded into the EJ and the Consecutive Number will not be renewed.

Sales Receipt:

![Nearly Full Warning Screen]

(2) Full error

When the maximum number of lines that can be recorded on the EJ are reached, the following screen will appear. Choose either continue or cancel by pressing the [←] [→] key.

Financial Report:

![Full Error Screen]
When the maximum number of lines that can be recorded on the EJ are reached, the following screen will appear. Choose either Continue or Cancel by pressing the \([ \leftarrow ] \leftarrow \) key.

**Sales Receipt:**

![Sales Receipt Image]

---

4-b) PARTIAL RESET

Turn the power ON by pressing the \([ 3 \) and \([ 7 \) buttons. This allows recovery from a power failure and by keeping all preset data.
4-1) BASICS DISPLAY

Note: The date, etc. cannot be displayed during a transaction.

BATTERY: NORMAL
4-2) TO ASSIGN A CLERK

Programming the ENTER CLERK #

[ enter ]

If the CLERK SECURITY SYSTEM is active, the clerk is prompted to enter the CLERK NUMBER AND PASSCODE when they enter the Sales Registration Mode.

Enter # (000-999) using numeric keys

[ check ]
<ENTRY>

When in the Registration Mode, the screen below will appear at the start of the transaction.

PLEASE ENTER DEPT.
$ AMOUNT OR PLU #
TO START SALES TRANSACTION!
4-4) DEPARTMENT ENTRIES

Department entries can be entered with a maximum 7 digits.

<Numbered Department Entry>

(\texttt{amount}) \ [\texttt{dept shift}] - (1) - [\texttt{dept shift}] \rightarrow \text{ASSIGNS DEPT 1}

(\texttt{amount}) \ [\texttt{dept shift}] - (2) - [\texttt{dept shift}] \rightarrow \text{ASSIGNS DEPT 2}

(\texttt{amount}) \ [\texttt{dept shift}] - (200) - [\texttt{dept shift}] \rightarrow \text{ASSIGNS DEPT 200}

<Department Shift Entry>

DEPT# 1-16 can be entered with the DEPT KEY. For DEPT# 17-32, use the [\texttt{dept shift}] key as shown below

[\texttt{dept shift}] - [\texttt{DEPT 1/17}] \rightarrow \text{ASSIGNS DEPT 17}

[\texttt{dept shift}] - [\texttt{DEPT 2/18}] \rightarrow \text{ASSIGNS DEPT 18}

[\texttt{dept shift}] - [\texttt{DEPT 16/32}] \rightarrow \text{ASSIGNS DEPT 32}

Department Set Up

1 Press the \textbf{Main menu (on)} key.

2 Press the \textbf{Arrow Down} key to select Programming. Press the \textbf{Amount Tend Total <Enter>} key.

3 If you are prompted for a Manager Passcode, type the passcode number and then press the \textbf{Check} key. If you did not program a Manager Passcode, go to the next step.

4 Select Department Set Up and press the \textbf{Amount Tend Total <Enter>} key.

5 Follow the prompts on the screen to program the information for your departments.

Use the \textbf{Arrow Up} and \textbf{Arrow Down} keys to highlight items on the screen. Press the \textbf{Amount Tend Total <Enter>} key to enter your selections.

The next sections explain what you can program for each department.

6 When you are done programming all departments, press the \textbf{Receipt on/off <esc>} key. To add another department, press the \textbf{Arrow Down} key to select Next Department.

--> | (100)+(-150) |< Limit Price  → GST = 0

NOTE:
A Compared value with LIMIT PRICE is the result of the total taxable amount. During a registration, a negative value like a REFUND operation will directly accumulate to a taxable amount with a negative.
4-24) TAX EXEMPT SALE KEY OPERATIONS

If the Tax Exempt Sale key is depressed prior to pressing the TENDER key after ringing up a sale, the tax will not be added to this sale.

[ REGISTRATION ]
[ tax exempt sale ]
{ TENDER }

Note: An error warning is displayed in the case of a VAT mode.
4-25) TAX FORCE KEY OPERATIONS

Programmed TAX status for departments and PLU's can be changed by the Tax Force key.

Ex. USA-TAX
Dept1 is non taxable status.

Sales registration
[  tax force  ]
[  v  ]
[  amt tend/total  ]
[ DEPARTMENT ENTRY ]

Note: An error warning is displayed in the case of a VAT mode.
An error in the CANADIAN TAX will be mentioned separately.
A department that is registered for gallonage alone will have a rounding at the 3rd place after the decimal point and according to the rounding setting.

For multiplication, any unit prices that are registered as programmed but its product will have the rounding in the same way as explained above.

Example: Dept 2 = Preset price 1.234 ( Rounding 5/4 )

[ DEPT 2/18 ]
enter amount ( 5678 ) - [ DEPT 2/18 ]
( 2 ) - [ qty ]
[ DEPT 2/18 ]
( 2 ) - [ qty ]
enter amount ( 5678 ) - [ DEPT 2/18 ]
{ TENDER }

4-27) FC CONVERSION OPERATION

- Subtotal value is shown on the display using the FC exchange rate. Converted values are shown when pressing the FC key.

- Original value (local currency) is displayed by using the Subtotal key.

- When tendered immediately after the currency conversion is made the converted total amount is shown on the display.

```
{ DEPARTMENT ENTRY }
{ DEPARTMENT ENTRY }
[ plu alt/FC ]
enter amount
  tendered ( )- [ TENDER ]
```

Note) The EFT payment cannot be done.
Example 1: DIRECT TENDER

Base Currency: LOCAL

FC Exchange Rate: 1 FC = 2.5 LOCAL (D.P.= 2)

CURRENCY SYMBOL: $

< DISPLAY >

(1000) — [ DEPT 1/17 ]

001 10.00

(2000) — [ DEPT 2/18 ]

002 20.00

[ subtotal ]

ST 30.00

[ plu alt/FC ]

☐ 12.00

*1 [ amt tend/total ]

CA 12.00

*1) In the above example, tender operation is entered while the FC total is on the display and the cash amount is also shown in FC. But the Cash Sales Total and Cash in Drawer are always updated in the Local total.

<table>

<td>*30.00</td>
<td>*30.00</td>
</tr>
</tbody>
</table>

LOCAL TOTAL
FC $12.00  FC TOTAL
CASH FC $12.00  FC CASH AMOUNT

Press Enter to input...
Example 2: OVER TENDER

Base Currency: LOCAL
FC Exchange Rate: 1 FC = 2.5 LOCAL (D.P. = 2)
CURRENCY SYMBOL: $

(1000) — [ DEPT 1/17 ]
(2000) — [ DEPT 2/18 ]
[ subtotal ]
[ plu alt/FC ]
( No Print )

*2 2000 [ check ]

Change amount to be converted to local currency (20.00-12.00) \( \times \) 2.5 = 20.00 change

*2 ) In the above example, the tender operation is entered while the FC total is on the display. The Check amount is also shown in FC. But Check Sales Total and Cash in Drawer are always updated in Local currency. Change calculation is done after the FC amount is converted to Local.
4-28) DOUBLE RECEIPT ISSUE

The [ subtotal/R issue ] key enables you to re-print the receipt. Data to be accumulated in RAM to enable this feature is 200 lines. In the event that the data exceeds 200 lines, only the total amount will be printed.

( Transaction )

{ TENDER }

[ subtotal/R issue ] ➔ Print receipt

Note) EFT information is not printed in the double receipt.

4-29) RECEIPT ON/OFF KEY

You can set the receipt on/off by using the [REC ON/OFF <ESC>] key. This is toggle key. The setting changes whenever pressed.

<RECEIPT ON> <RECEIPT OFF>

[REC ON/OFF <ESC>]

Note) When the EFT is paid, the Receipt Off setting is disabled. The receipt is issued.
4-30) FULL VOID OPERATION

The transaction is suspended by the all void operation. An all void operation is not possible after payment begins.

[ DEPARTMENT or PLU ENTRY ]

[ DEPARTMENT or PLU ENTRY ]

[ subtotal ]

[ void ]

Example:

(100) - [ DEPT 1/17 ]

(200) - [ DEPT 2/18 ]

[ subtotal ]

[ void ]

19:17 04-12-2006
MC NO. 1234 0066
CLERK01
DEPT 1 *1.00
DEPT 2 *2.00
---------------------------
SUBTOTAL *3.00
//++++ FULL VOID /////
4-31) PRICE INQUIRE

The programmed PLU status is displayed. You can select whether or not to register the item.

[ clear ]
[ plu ]

enter PLU # ( )-[ plu ]
or
{ Bar-code reader scan }

[ amt tend/total ]
or
[ > ] - [ amt tend/total ]
4-32) AGE CHECK

When the item is registered, warning of the age limitation can be displayed. It is necessary to set the value at the OTHERS SET UP and DEPARTMENT SET UP.

At Others Set Up

Setting the value at 20 years old with AGE 1 in this example.

At Department Set Up

Setting is AGE 1 in this example.

At Sales Registration

EX:
Dept1 -> AGE 1
AGE 1 -> 20
Today -> Apr. 11 2006

When you register the above item, a warning is displayed. You can decide whether to sell the item by pressing the right or left arrow. Then push the Amt tend/total key.
4-33) TRAINING MODE

Even if the transaction data is entered in the training mode, the report totalizer and counter would not add up nor would the Receipt number counter. The FINANCIAL REPORT and PROGRAMMING modes are not operative.

a) Key entry sequence to enter the training mode is:

   ( TRAINING MODE PASSWORD ) - [ subtotal/R issue ]
   6 digits

b) Key entry sequence to terminate the training mode is:

   ( TRAINING MODE PASSWORD ) - [ subtotal/R issue ]
   6 digits

Note: Receipts printed in the TRAINING MODE prints “*****” instead of the consecutive number. The EFT function will not work in the training mode.
4-34) TABLE TRACKING OPERATIONS

**Title of open table report**
6-3-2) DUPLICATE Z REPORT

The same report as the Daily Report is published again.

The [subtotal] key is pressed for daily report immediately after issuing.
The contents of printing become completely the same as daily report.

Note) You can stop issuing the report by pressing the paper feed key.

6-3-3) PLU REPORT

To read the PLU Sales Totals and reset the PLU total to zero:

Select PLU REPORT at Z REPORT initial menu using the [↓][↑] keys. The ECR will ask you to print the PLU report or save it to the SD-card.
When you select [SD-CARD] and press [enter], the PLU report will be saved onto the SD-card.

When you select [PRINT] and press [enter], the PLU report will be printed.

```
13:53  04-11-2006
MC NO. 0000  0063
PLU REPORT Z

SNEAKER  1  $10.00
TOMATO   1  $1.00
APPLE    1  $1.00
LEMON    1  $1.00
TL-PLU   $13.00

ALL PLU SALES TOTAL

13:53  04-11-2006
MC NO. 0000  0064
PLU REPORT Z

SNEAKER  1  $10.00

***********************

DISCONTINUATION MESSAGE
```

LCD display stays at Z REPORT initial menu.

Note) You can stop issuing the report by pressing the paper feed key. In this case, the total of the range PLU sales will not be printed.
6-3-4) CLERK REPORT

To read the Clerk Report and reset the total to zero:

Select CLERK REPORT at Z REPORT initial menu using the [[ ]] keys. Press [enter] to print.

<table>
<thead>
<tr>
<th>CLERK NAME</th>
<th>ACTIVITY</th>
<th>COUNTER</th>
<th>SALES TOTAL</th>
</tr>
</thead>
<tbody>
<tr>

SAFETY NOTICE

The main outlet for this cash register must be located near the unit and easily accessible. Do not use this cash register outdoors, in the rain or near any source of liquid.

WARNING

FEDERAL COMMUNICATIONS COMMISSION (FCC) RADIO FREQUENCY INTERFERENCE STATEMENT INFORMATION TO THE USER

CAUTION: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on. Uses are encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. If applicable, connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio / TV technician for assistance.

Connection of peripherals to this unit requires the use of grounded, shielded cables to ensure compliance with the Class B FCC.

BATTERY SAFETY & MAINTAINING THE CASH REGISTER

FEDERAL COMMUNICATIONS COMMISSION (FCC) RADIO FREQUENCY INTERFERENCE STATEMENT INFORMATION TO THE USER (continued)

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatuses set forth in the Radio Interference Regulations of the Canadian Department of Communications.

Le present appareil numerique n’emet pas de bruits radioelectriques depassant les limites applicables aux appareils numeriques de la Class B prescrites dans le Reglement sur le brouillage radioelectrique edicte par le ministere de Communications du Canada.

PROPOSITION 65 NOTICE:

The following is given in accordance with California Proposition 65:

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm. Wash hands after handling.

SAFETY NOTICE

The main outlet for this cash register must be located near the unit and easily accessible. Do not use this cash register outdoors, in the rain or near any source of liquid.
BATTERY WARNING

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.

- Replace only with the same type of batteries recommended by the manufacturer.
- DO NOT mix old and new batteries.
- DO NOT mix alkaline, standard (carbon-zinc) or rechargeable (ni-cd, ni-mh, etc.) batteries.

- When replacing batteries pay attention to the polarity (the positive + and negative – ends of the battery); be sure to install the batteries in the correct position and proper direction.
- Properly dispose of used batteries according to the battery manufacturer's instructions or according to your local environmental regulations and disposal guidelines.
- Never dispose of any batteries in fire! The batteries may leak or explode.
- Use Alkaline or standard batteries (Carbon-Zinc).

This equipment is not suitable for use in locations where children are likely to be present.

MAINTAINING THE CASH REGISTER

- Never cover the cash register when turned on. Doing so will prevent proper cooling of the electronic components.
- Cover the register when not in use to protect components from dust. The cash register should be turned "OFF" when covered and not in use.
- Take care to keep all liquids away from the machine to avoid spills, which could damage electronic components.
- To clean, use a soft, dry cloth. Do not apply organic solutions such as alcohol.
- Your cash register should be kept in areas free from dust, dampness or extreme hot or cold temperatures.
- If stored in extreme temperatures (below 32 degrees or above 104 degrees Fahrenheit), allow the temperature inside the register to reach room temperature before turning on.
- DO NOT attempt to pull the paper tape when printing or installing paper. Always use the [Feed] key to advance the paper. Pulling the tape could damage the print mechanism.
- If electronic service is necessary, an authorized service center is recommended. For a list of the Authorized Service Centers within your local area, please call 1-888-261-3888.
- Familiarize yourself with the safety statements.

Manufacturer’s Limited Warranty

ROYAL ELECTRONIC CASH REGISTER AND TIME CLOCK LIMITED WARRANTY

Royal Consumer Information Products, Inc. ("Royal") at 1160 U.S. Highway 22 East, Suite 301, Bridgewater, NJ 08807 USA warrants that your NEW Royal Electronic Cash Register or Time Clock ("Product") is free of defects of workmanship and materials. If there is a defect or malfunction of this Product, Royal will repair the Product free of charge as follows:

PARTS: New or comparable rebuilt parts in exchange for defective parts for ONE YEAR from the date of purchase.

LABOR: All labor charges incurred from a Royal Authorized Service Center are covered for 90 DAYS from the date of purchase. After 90 days, there will be a labor charge for repair of the Product and/or assemblies such as the keyboard, display(s), logic board, power supply and printer(s) at the Royal Authorized Service Center's then prevailing rates. The Product must be brought to a Royal Authorized Service Center nearest to your location or shipped postage prepaid, insured and via a traceable shipping method. Royal will pay return postage from the Authorized Service Center during the labor warranty period only.

This warranty does not apply to persons who purchased this Product second hand or used.

This warranty does not include the replacement of ink rolls, ribbons, time cards, paper rolls or any other consumable or supplies used in the cash register or time clock and consumed through the normal use of the Product.

This warranty does not include cleaning, adjustments, parts, or repairs required by circumstances beyond the control of Royal, including, but not limited to, fire or other casualty, accident, neglect, abuse, abnormal use, misuse or battery leakage damages. THERE ARE NO OTHER EXPRESSED WARRANTIES EXCEPT AS STATED HEREIN. AFTER THE PERIOD OF EXPRESSED WARRANTY SET FORTH HEREIN, THERE ARE NO IMPLIED WARRANTIES AND THOSE EXCLUDED INCLUDE THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Royal shall NOT be liable for CONSEQUENTIAL DAMAGES resulting from any failure, defect, or malfunction of this Product. Some states do not allow limitations on how long an implied warranty lasts and some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

TO OBTAIN SERVICE UNDER THE TERMS OF THIS WARRANTY:

• Pack your Product in the original carton or equivalent.
• Enclose a copy of the bill of sale or other documentation showing original purchase date.
• Enclose a card or note describing the difficulty you have had with the Product.
• Be sure to include your complete name, shipping address and day-time telephone number.
• Bring or ship, prepaid and insured, via a traceable shipping method the above Product to the nearest Royal Authorized Service Center location. Royal and/or the Service Center cannot be held responsible for any loss or damage that occurs while in transit.

For Authorized Service Centers within your local area, call 1-800-272-6229.

Please retain the original proof of purchase for your records to establish date of original purchase. Your warranty starts with the date of original purchase. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.

This warranty is valid only on cash registers and time clocks purchased, delivered and used in the United States and/or Canada.
